**Eero Saarinen
(1910-1961)**

Born in Finland in 1910, Eero Saarinen's family emigrated to the United States when he was just 13 years old. By age 27, he was collaborating with Charles Eames on prize winning designs. As an architect and designer, Saarinen developed a remarkable range which depended on color, form and materials. His works showed a marked dependence on innovative structures and sculptural forms, but not at the cost of pragmatic considerations.
