TITLE TO MERCHANDISE & SHIPMENT DAMAGE CLAIMS

Buyer acknowledges that once all products have been picked up from our receiving house, title to the goods and risk of loss will pass to the buyer or the buyer's receiving warehouse. If a carrier while in transit damages the goods, the buyer has the sole obligation of seeking any appropriate recourse against the carrier.

All merchandise is packed to comply with industry-accepted standards. Furniture is carefully inspected before packing and prepared for the carrier in good condition. The carriers only accept the cartons in good condition and agree to deliver the merchandise in good condition. Claims in transit should be made directly with the carrier. To ensure satisfaction with goods received, MALIK recommends: A; Consignee visually inspects the exterior of all packaging, B; Notes any damage on the bill of lading, C; If exterior or packaging damage is found, the consignee must send a written intent to claim to the delivering carrier within 10 days, D; Request inspection by the delivering carrier of the merchandise and retain packaging at the point of receipt (if practical), E; To file a claim, the following documents are required:

- I) Copy of the bill of lading
- II) Copy of the freight invoice, if available
- III) Copy of the inspection report
- IV) Copy of the invoice showing the cost if the product is lost or damaged

We recommend that you request a written confirmation of receipt for your claim from the carrier, in your cover letter. Please photograph any freight damage for your own records. If damage is concealed and not evident until furniture is completely unpacked, take photographs of any damage, keep the packing materials and notify the carrier immediately for an inspection. Failure to make such claim shall constitute acceptance of the merchandise and waiver of any defects, errors or shortages. This should be received within 3 days after the claim has been sent. Damaged shipments are not grounds for cancellation of orders. Please feel free to contact MALIK customer service with any further questions at: 888-550-4398.

UNOPENED SHIPMENT

Neither MALIK nor the carrier will be responsible for concealed damage claims or if shipments are left unopened. Notification of concealed damages must be made to the delivering carrier within 3 days after delivery of merchandise.

MALIK will contact the customer to arrange for the repair or replacement of the defective product covered by this warranty at MALIK's expense.

Seating furniture is intended for being used for sitting. Other uses, like climbing on, kneeling, rocking, or use outside, may result in damage.

This warranty does not apply to damage resulting from accidents, alterations to the product other than by MALIK or an authorized person, installation by other than a MALIK or an authorized person, or the product not being used in accordance with MALIK's installation and/or application guidelines, normal wear and tear, COM or other third party materials applied to the product, or dramatic temperature variations or exposure to unusual conditions. Upon the occurrence of any one or more of these events, this warranty becomes void. Because of the natural variation over which MALIK has no control, the warranty does not extend to color, grain, texture of wood, plastic, or fabric. MALIK does not warrant the matching of color, grain or texture and shall not be liable for consequential or incidental damages. This warranty excludes fabrics, leathers or other textiles for wearing quality, color fastness, shrinkage, wrinkling, stretching, or dye lot match.

DESIGN/SPECIFICATION

MALIK reserves the right at its discretion to terminate, modify, suspend or discontinue any aspect of this price list, including, but not limited to its content, pricing, or servicing. All modern classic reproductions are manufactured to maintain the original integrity of the designer's intent and to meet current commercial standards.

.....

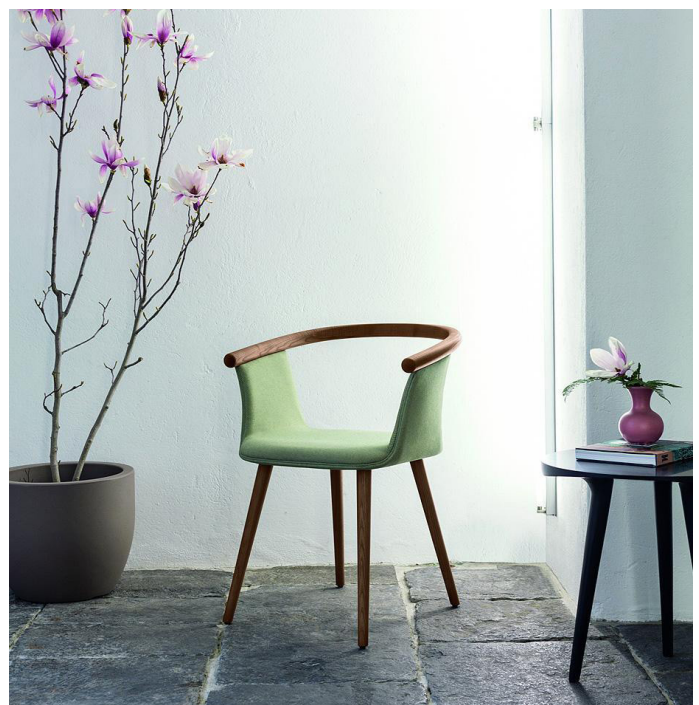

COMMON TERMINOLOGY

Below are some definitions that can help you better understand some misused common terminology in the furniture industry when referring to the classics:

Original/vintage can be defined as: an original piece fabricated during the designer's lifetime using his/her original molds or drawings.

- 1.) Reproduction = to produce a counterpart, Image or copy of an original, maintaining the design integrity and specifications
- 2.) Original = Initial, First, the primary form from which varieties arise or copies are made
- 3.) Vintage = A year or period of origin (i.e. a vintage chair from 1940)
- 4.) License = the right to reproduce furniture to the original specifications (however most manufacturers who hold a license choose not to reproduce to the original specifications)
- 5.) Knockoff = something in the style of, though some details have been completely altered

MALIK supports the original concepts of the Bauhaus:
To create affordable, timeless designs for the masses.

FINISHES & SPECIFICATIONS

COM/COL

COM prices and yardage requirements are based upon 54" wide plain material. Consult MALIK for additional information on calculating yardage for patterns, repeats, other widths, etc. Additional charges may apply for pattern matching, combining more than one upholstery product, etc. Special instructions for material handling (direction of pattern, railroading, etc.) must be submitted in writing prior to delivery of materials. We reserve the right to use our own judgment and to reject any materials we deem unsuitable for our products. We will not be held responsible for the wear, fading, shrinkage, stretching, seam slippage, wrinkling, creasing, staining or other performance of any COM.

When specifying a COM/COL on a MALIK chair, please contact a MALIK representative to verify if the material is suitable for the chair you are specifying. To calculate the required square feet of leather: Multiply the yardage required by 18 [i.e., 1.5 yds x 18 = 27], indicates that the chair needs 27 sq. ft. of leather. Please send COM/COL to MALIK and side mark with your purchase order number.

SHADES, FINISHES AND WEIGHTS

Due to the inherent natural variations in color shades, fabrics and wood finishes, there may have been some discrepancy between shades of fabric or colors of wood. Because these differences are beyond our control, the warranty does not extend to color, grain or texture of wood, plastic or fabric. Please note that all fabric shades and wood finishes we depict in photos or as samples are subject to variation.

All stated dimensions and weights are approximate and subject to change without notice. Malik reserves the right to make changes to dimensions, weights and design without prior notice.

LEATHER

All leather has some natural imperfections caused by insect bites, minor scratches, barbed wire cuts, etc. These individual features are unique to each hide and help to distinguish real leather from synthetic man-made materials. Leather is a natural product, which has been used in furniture for hundreds of years. Once used, leather acquires the rich patina of age, which gives your furniture its own unique personality.

STANDARD LEATHER FOR MODERN CLASSICS

MALIK standard leather is a 1.0-1.3 mm thick, aniline grade hide. Leather quality is similar to most domestic & European hides, widely used among furniture manufacturers.

MID-GRADE LEATHER FOR MODERN CLASSICS

MALIK mid-grade leather is a 1.4-1.6 mm thick full grain bovine leather. It is chromium tanned and dyed in accordance with EEC regulation. Leather quality is similar to most domestic & European hides, widely used among furniture manufacturers.

PREMIUM LEATHER FOR MODERN CLASSICS

MALIK premium leather is a 2.0-2.3 mm shrunk full grained, top surface treated, aniline drum dyed hide. Specify this premium leather on your modern classics, they will last a lifetime.

Please contact Malik Gallery for technical Information on fabrics and leathers used on contemporary items.

CANING OR WICKER

Our caning and wicker is first quality. As these are natural materials, they are subject to variations in color, texture and character especially under different climactic conditions. These materials are very strong and have been used for centuries, but they demand care and will not stand abuse. For that reason, we guarantee only the original caning or wicker and cannot guarantee longevity.
